Paul Mitchell The School Orlando

TUITION INSTALLMENT PAYMENT PLAN

The Tuition Installment Payment Plan allows students (and their families) to pay the out-of-pocket amount for the cost of enrollment in equal monthly payments. Students are responsible for any balance owed to the school, if the financial aid offer does not cover the total amount of tuition and fees.

Payments can be made using cash, credit card, and personal check.

Things to know:

 The length of the payment plan offered may vary depending on the length of your program of study and final payment would be due prior to the students scheduled completion date.

 The plan amount is restricted to cover just the direct cost, such as tuition, kit and fees listed on the cost schedule.

 Your Financial Services representative will provide a copy of the Tuition Installment Payment Plan contract if you are interested in reviewing this option. Please let them know if you are interested in this option.

 Read the contract and all disclosures carefully and consult any advisor before you elect to use the Tuition Installment Payment Plan.

The School provides one tuition payment plan option and the Annual Percentage Rate or APR associated with the plan is zero (0%) because the School does not charge interest on the payment plan. **Annual percentage rate** (APR) refers to the yearly interest generated by a sum charged to borrowers. APR is expressed as a percentage representing the actual yearly cost of funds over a loan term.

The length of the payment plan per program and schedule is as follows:

Day School 1200 Cosmetology - 9 Months

Day School 1300 Cosmetology - 10 Months

Day School 900 Barbering - 6 Months

Night School 1200 Cosmetology - 11 Months

Night School 1300 Cosmetology - 11 Months

Night School 900 Barbering -11 Months
